WVC Annual Conference in 2021 Named in Honor of Dr. Jon R Pennell

Viticus Group is pleased to announce the name of their next conference, the WVC Dr. Jon R Pennell 93rd Annual Conference.

LAS VEGAS, NEVADA (April 30, 2020)—In recognition of Dr. Jon R Pennell’s exceptional contributions to Viticus Group and the veterinary profession, the WVC Annual Conference in February 2021 is named the WVC Dr. Jon R Pennell 93rd Annual Conference.

“Viticus Group will forever be indebted to Dr. Pennell, not only for his service but also his kindheartedness and love for veterinary medicine,” says Andrea Davis, CEO of Viticus Group. “We are excited to recognize him in this special way.”

Dr. Pennell is a second-generation veterinarian who has practiced small animal medicine and surgery in Las Vegas since 1981. He has a long history with [Viticus Group](#) (formerly WVC), where he initially served as a session moderator, was later elected to the Board of Directors, and served as President of the Board and Chairman of the Expansion Committee. Dr. Pennell has also held leadership positions in organized veterinary medicine at local, state, and national levels. His dedication, creativity, and vision were instrumental in what Viticus Group and the WVC Annual Conference is today.

The conference will take place February 14-17, 2021 in Las Vegas, Nevada. We look forward to welcoming veterinary professionals from across the globe, coming together to learn the latest in veterinary medicine. For more information about the WVC Annual Conference, visit wvc.org/conference.

About Viticus Group

As new discoveries and powerful innovations alter the world of animal and human health, Viticus Group (formerly WVC) is the leading provider of educational programming and in-depth learning opportunities for veterinary and human health professionals. The Viticus Center offers continuing education at two cutting-edge technology facilities, presenting a variety of courses and providing access to specialized surgical training for both veterinary and human health professionals. Our WVC Annual Conference serves as the veterinary profession's premier gathering for innovative education and an opportunity to engage with other industry professionals seeking growth. Bringing together life and medicine in Viticus, we envision a future where all medical professionals have access to year-round, hands-on training for a one-of-a-kind experience.
